

Dear Parents,

We are fortunate at Bowman to have a wonderful community where so many cultures and traditions are celebrated. The Bowman Diversity Committee is collecting information about which holidays and traditions families observe during the year. We would like to raise awareness of the traditions among us that have meaning for the children. Would you please look over this brief questionnaire and send us the information you want included in our planning. Your child can return it to his/her classroom teacher. Thank you for your contribution to celebrating who we are.
